Brian,

I'm on vacation this week and will not be attending. Bryan Clawson from Weatherford will be there in my place.

Thanks,

Darrell Cleboski

Subject: Pre-Spud Meeting

All,

Please plan to attend the Macondo pre-spud vendor meeting at 8am on Friday, September 25th. The goal of this meeting will be to review each hole section, ensure equipment lists are completed / correct, and answer any questions which you may have for us in order to effective drill this well with minimum downtime.

The meeting will be held on the 2nd floor of our Westlake 4 building in room 02109. As this is a tight floor and access is limited you will have to call one of us for access to the floor once you arrive at BP. There is a phone in the elevators banks or if you don't have a badge the security guard can call once they have checked you in.

Please let myself (x1706), Mark Hafle (x4237), or Trent Fleece (x3751) know if you have any questions prior to the meeting.

Thank You,
Brian Morel

Jon, Wayne, and Terry; You are not required to attend, if you would like to attend you are welcome.
