**Extension Survey (Class) - Drydocking Survey**

**CHECKLIST**

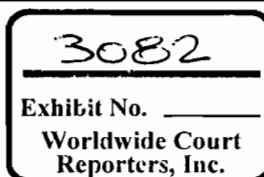

Vessel Name	DEEPWATER HORIZON	Class Number	0139290
Last Visit Date	20-Mar-2009	Report Number	MC1647311-A

**Checklist Item(s): All**

Seq No	Description	Yes	No	N/A	Done	Date
EXTENSION FOR ONE(1) MONTH OR LESS						
1	1. An Assistant Chief Surveyor has authorized the extension.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>		
2	2. A general examination afloat was carried out to determine the vessel's fitness for continued service during the extension period, including examination and testing of the steering machinery as considered necessary, review of onboard records to confirm satisfactory operation of the propulsion machinery, and that no damages and/or groundings have occurred since the last attendance by ABS.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>		
3	3. An external examination of the saltwater systems was made with particular attention to non-metallic expansion pieces (if fitted), sea valves and their attachments to the sea chests/side shell.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>		
4	4. Outstanding recommendations were re-examined to confirm condition satisfactory for service through the extension period.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>		
5	5. All Class surveys are current.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>		
6	6. For vessels with ABS issued SLC certificates, extensions which exceed 36 months from credit date of last drydocking survey, written authorization from the vessel's flag administration was obtained.	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>		
7	EXTENSION FOR UP TO THREE(3) MONTHS	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>		
8	1. Items one (1) through six (6) above, as applicable to Extension for One (1) Month or Less, have been complied with. <u>Observation:</u> Uwild Extension survey was granted for 6 months with general examination of drilling unit as per ABS Houson Offshore Survey Dept. and Marshall Islands emails. Please refer to statement observation included in this report for areas examined.  2. A Modified UWILD was carried out as follows and reported on using UWILD checklist:	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>		
9	a. An examination of the underwater body by an ABS approved In-Water Survey company including rudder, propeller, visible parts of the stern bearing assembly and sea chests.	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>		
10	b. Strut/stern bearing and rudder clearances to be determined as possible and confirmed satisfactory for continued service during subject deferral period.	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>		
11	c. Oil-lubricated stern bearings to be visually checked for oil leaks.	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>		
12	d. Photographic documentation to be taken of above underwater parts and submitted to the attending Surveyor together with the In-water Survey company's report attesting to conditions found.	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>		
13	e. Underwater body to be sufficiently clean and water to be clear enough for a meaningful examination.	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
