Don,

I've been asked to come out to Deep Water Horizon from April 16th - 21st to give some relief. We on Thunderhorse are doing a 'Turnaround' and the production Kings have cut drilling personnel to bare bones.

Our normal rotations are on Wednesday's to Wednesdays --- what days do you guys change-out on?

The 21st is a Wednesday and I'm not sure if I need to work that day or not? -- my airline flight is scheduled to leave on Wednesday the 21st.
