Stacy:

Looked it over and the only entry for NIOSH that needs to be removed is one for 250K for a feasibility study for biomonitoring. We have cancelled that because there is no more fresh oil exposure to sample for--god bless the cap!

Thanks!

Good afternoon,

As many of you know, Secretary Sebelius is meeting with Secretary Mabus on Wednesday to discuss funding needs for the BP oil spill recovery process. In preparation for this meeting, ASPR and ASFR have compiled the attached summary of costs related to the oil spill. This information combines data received from the program and budget offices in your divisions. **Please review the attachment and provide the following feedback by 8PM TONIGHT (Monday).** This new deadline replaces the 4pm deadline relayed on today's call this afternoon.

#### REQUESTED FEEDBACK

1. Does this budget summary reflect the most recent proposals for your agency?
2. Please note if the amounts fall under FY2010 or beyond. We need both short- and long-term budget estimates.
3. Please prioritize each budget item from your agency in the column marked "PRIORITY" (1 = highest priority; 2 = medium priority; 3 = lower priority)
4. If you notice any potential overlaps with proposals from other agencies, please let us know. ASPR and ASFR will work together on coordinating between the agencies.

Thanks in advance for your timely responses. If you have feedback or questions, refer them to Ben Novak at [ben.novak@hhs.gov](mailto:ben.novak@hhs.gov) and Liz DeVoss [liz.devoss@hhs.gov](mailto:liz.devoss@hhs.gov), and CC [Nicole.Lurie@hhs.gov](mailto:Nicole.Lurie@hhs.gov) and [Lisa.Kaplowitz@hhs.gov](mailto:Lisa.Kaplowitz@hhs.gov).
