Importance: Normal

Kirk,
Any thoughts on whether we should/need to provide the detailed drilling procedure?
Thanks,
Mike

Mike,

Currently offshore helping fix this well.
I'll pull together something similar to Will K and send it your way
Sorry for the delay. On past GoMX DW wells, we only supply the wellbore diagram to partners. We have never given our drilling procedure, and unless the JOA specifically spells that requirement out, I do not think we should send it.
Stay tuned.
Mark

Subject: Pre-Spud Drilling Plan
Mark,

MOEX called again and has asked for a copy of the Macondo pre-drill plan. Do we have anything that was already created that was used internally?
Thanks,

Michael J. Beirne
